TOLMAN STEAM LAUNDRY,

CAUTION TO WATER USERS

Commissioners Issue an Order Forbidding Waste.

GUARD AGAINST ACCIDENT

supply Is Sufficient It Householders and Others Will Be Prudent-Morning Use of Street Hose No Longer Permitted-Hospitals Get a Supply of the Ardent.

The present term of heated weather is ausing beavy inroads to be made on the District water supply. The Commissioners say there is no scarcity of water for ordinary purposes, but wanton waste from the mains must be stopped, or there may be occasion for more strict rules. The situation is such that the board felt called upon yesterday to issue a warning, and at the same time to promul-

gate an order, upon the subject, which were as follows; "In view of the diminished pressure on he water mains, resulting from a great herease in the use of water during the beated term, the Commissioners earnestly request that all householders and others will avoid the unnecessary use of water it this time, and avoid the waste caused by pipes or bose being left open and

"By reason of this situation, they have been compelled to issue today the fol-

lowing:

"Ordered-That the regulation permitting water renters to use Potomac water through exterior fountains, street washers, and other hose connections, be tween the hours of 5 o'clock and 8 o'clock a. m., be suspended until further

EVENING SUPPLY ALLOWED.

It was stated that this order is not intended to interfere with the ordinary use of the street hose at the ordinary hours of evenings, but that the regulations

against reckless misuse of the privilege will be rigidly enforced.

The Engineer Commissioner has also issued an order to the effect that the flushing of water mains and sewers will not be done, especially during the heated term, unless necessary, and in any event will be limited to the time between the ers of 1 and 5 and 8 and 12 p.m.

There are sewers that require and re-ceive fushing and water mains which, when they become stagnant or choked from any cause have also to be flushed occasionally, but the work under this the same is actually necessary.

Commissioner Powell said yesterday that there is plenty of water if the people will be careful in the use of it, but that the pumping station is now being worked to its utmost capacity of 5,000,000 gallons. When the contract was made for the big ne w engine it was not supposed its capacity would be tested in the next twenty years, but the time has already come when it barely suffices for the drain upon it. DANGER TO UPPER AREAS.

The present danger concerns those who The demands upon the pumps are for the daily consumption, and there is no reserve accumulating. Should a break occur to cause a stoppage of the engines, the people would have to depend upon two small reservoirs, one at Reno, the other in West Washington, and the latter was never intended as a receiving reservoir, but was employed merely to give head to the water flow. Nor is the Reno reservoir much larger, and both together will hold but scant supply.

This state of affairs renders caution

very necessary. The same condition will exist until the District can utilize the big reservoir near the Soldiers' Home and get an additional reservoir for the middle

Strange to say, that now somewhat famous Burgdorf decision, under which a great many assessments were annulled and the means of defeating the purpose the Commissioners had in view with respect to that middle service reservoir. It was their intention to have provided for one long since, but the loss of so much of the revenues through the operation of that decision has indefinitely deferred the project. Users of water will receive the caution given by the Commissioners and act accord-

ingly.

GIVEN TO HOSPITALS.

The samples of whisky and gin accumulated several months ago by the excise board for analysis are at last to be distributed among the hospitals of the city for their use.

There were about 1,300 samples gathered in, by purchase, the cost of the half pint samples ranging in price from ten cents to \$1.50 per half pint.

The samples were put into barrels, filling several, and were then transferred to the health office for analysis by Prof. Hird, the District chemist. Inasmuch as it would require nearly a year to analyze it all, the chemist selected at random about 100 samples and subjected them to the tests. The result has been already published in The

Ever since the report of the chemist was submitted the barrels have remained in the custody of the health office. He has been anxious to get them out of the way, and accordingly recommended to the Commis-sioners that the supply be returned to the members of the excise board, to be by them distributed gratuitously to such institutions as may desire to use the spirits in

order. Some of the cheaper samples will be found to be fit only for external application as, hesides being of a cheaper variety, they were found to contain dirt and other

The rate to Bay Ridge, the beautiful excursion resort on the Chesapeake Bay, has been reduced this season to 50 cents for adults, except for evening train a for adults, except for evening train a rate of 75 cents will be charged, with rebate of 25 cents after coupon is stamped by ticket agent at Bay Ridge. ALDIS B. BROWNE, au6.7.8, 13,14,17 Trustees.

PROPOSALS.

PROPOSALS FOR CONSTRUCTION OF IRON ROOF FOR IRON FOUNDRY AND FOR IRON ROOF FOR IRON FOUNDRY AND FOR IRON ROOF FOR GUN-CARRIAGE SHOP, RE-SPECTIVELY, AT U. S. NAVY YARD, WASHINGTON, D. C.—Bureau of Yards and Docks, Navy Department, Washington, D. C., August 3, 1896.—Separate sealed proposals, in duplicate, for the following objects, indorsed proposals for "Iron Roof for Iron Foundry" and "Roof Trusses and Roof for Gun-carriage Shop," respectively, at Navy Yard, Washington, D. C. will be received at this bureau until 1 o'clock p.m. on TUESDAY, August 18, 1896, and publicly opened immediately thereafter. Specifications and blank forms of proposal will be for warded upon application to this bureau or the Commandant of the Navy Yard, Washington, D. C. Hidders are expected to fully inform themselves of the character of the work required by visiting the yard, where plans may be examined, and, iffacessary, obtained. A bond of one thousand (\$1,000) dollars must accompany each bid for the objects as a guarantee that the bidder will execute the required for the faithful performance of the contracts, and the right is reserved to reject any or all proposals not deemed advantageous to the government, and to waive defects.—E.O. MATTHEWS, Chief of Bureau.

PROPOSALS.—TREASURY DE-PARTMENT, OFFICE SUPERVISING

vantageous to the government, and to waive defects. E. O. MATTHEWS, Chief of Bureau.

PROPOSALS — TREASURY DE-LARTMENT OF TREASURY DE-LARTMENT OFFICE SUPERVISING ARCHITECT. WASHINGTON, D. C., August 4, 1896. — Sealed proposals will be received at this office until 2 o'clock p. m., on the 20th DAY OF AUGUST, 1898, and opened immediately thereafter, for all the labor and materials required for the repairs, etc., to the heating apparatus and power pinnts in the U. S. Treasury Department building, the Winder building and the Butler building, at Washington, D. C., in accordance with the specification, copies of which may be had at this office. Each bid must be accompanied by a certified check for a sum not less than 10 per cent of the amount of the proposal. The right is reserved to reject any or all bids and to waive any defect or informality in any bid, should it be deemed in the interest of the Government to do so. All proposals received after the time stated for opening will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for the Repairs to Heating, in the Treasury, Winder and Butler Buildings, Washington, D. C." and addressed to WM. MARTIN AIKEN. Supervising Architect.
